

English / Communication Date:	<b>Help (v/n)</b> <b>Exercise Sheet</b>	
----------------------------------	--	--

### 1. Think for yourself!

- Read the lines below. Work out the way that *help* is used. Use a dictionary if necessary.
- Decide if *help* is used in the same way in all of the sentences.
- Try to group the ways *help* is used.

### 2. Pair up!

- Compare with your neighbor. What is different and what is similar?

### 3. Share!

- Be prepared to share your findings with the group.

### 4. Practice! – Role play

- Team up with your neighbor and think about a situation on the ward where you have been asked for help or offered help to someone.
- Write a dialogue for that situation. Use the concordance lines as guidance for writing the questions.
- Now, decide on who will play which role and practise your role play a few times. The goal is to memorize your text and to speak without your notes.
- Be prepared to act out your role play in front of the class.
